Assignment 3 - Chapter 4

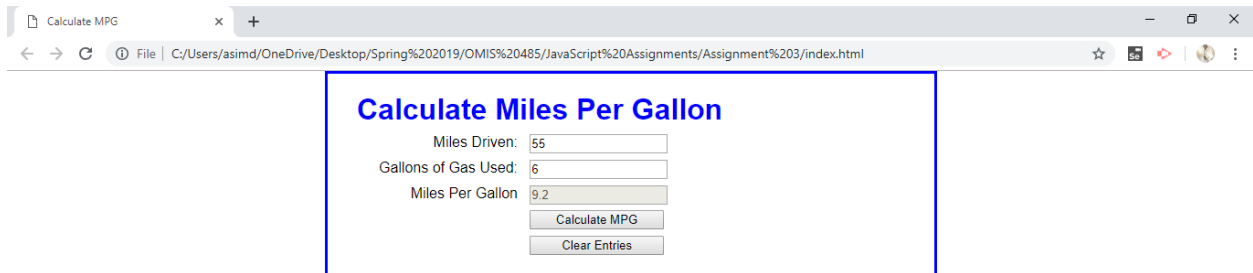

MPG Application

A screenshot of a web browser window titled "Calculate MPG". The address bar shows the file path: C:/Users/asimd/OneDrive/Desktop/Spring%202019/OMIS%20485/Javascript%20Assignments/Assignment%203/index.html. The main content area is titled "Calculate Miles Per Gallon" in blue. It contains three input fields: "Miles Driven:" with the value "55", "Gallons of Gas Used:" which is empty, and "Miles Per Gallon" which is empty. Below the input fields are two buttons: "Calculate MPG" and "Clear Entries".

A screenshot of the same web browser window. The "Gallons of Gas Used:" input field now contains the value "6". The "Miles Driven:" field remains at "55" and the "Miles Per Gallon" field remains empty. The "Calculate MPG" and "Clear Entries" buttons are still present.

A screenshot of the same web browser window. The "Miles Per Gallon" input field now displays the calculated value "9.2". The "Miles Driven:" field is still "55" and the "Gallons of Gas Used:" field is still "6". The "Calculate MPG" and "Clear Entries" buttons are still present.

After pressing clear entries

Calculate MPG
